RELEVANT KNOWLEDGE, SKILLS, AND EXPERIENCE

Mr. Hankel has many years of experience in the management of major internationally operating industrial companies as well as in the operational responsibility of leading automotive suppliers with complex value-chain, production and sales structures, including comprehensive knowledge in the optimization of global manufacturing and production processes as well as in group strategy and development. In view of the growing importance of e-mobility and the digitalization of the automotive sector, which is, in turn, leading to a considerable increase in the volume of wafer area installed in state-of-the-art vehicles due to the greater use of displays and navigation systems as well as management and control systems, Mr. Hankel also commands outstanding expertise in a particularly important future market for the Siltronic Group. Mr. Hankel was active for many years in the Saarland Digitalization Council and for more than 15 years in various VDA committees.
