Siltronic wins Texas Instrument's 2019 Supplier Excellence Award

Munich, June 24, 2020 – Siltronic AG was awarded the Supplier Excellence Award by Texas Instruments. This award represents the highest level of recognition of the achievements of Texas Instrument's suppliers. Recipients are an elite group of suppliers recognized to receive this award for their exemplary performance in the areas of Cost, Environmental & Social Responsibility, Technology, Responsiveness, Assurance of Supply, and Quality.

"We are proud to having received the award from our long-standing customer Texas Instruments. It shows that our technological performance as well as our high corporate standards are recognized," commented Dr. Christoph von Plotho, CEO of Siltronic AG.

According to Texas Instruments, "Siltronic demonstrated throughout 2019 its commitment to ethical behavior at the highest level and exceptional performance in the areas of cost, environmental and social responsibility, technology, responsiveness, delivery reliability and quality."

"We look to Siltronic to help us serve our customers, achieve our priorities and ultimately become a company that we are personally proud of and would like

to be proud to be a neighbor," said Rob Simpson, Texas Instruments Vice President of Worldwide Procurement and Logistics, about Siltronic's role.

This is the fifth time Siltronic has received this award, having already been presented with the Supplier Excellence Award in 1992, 1994, 2007, and 2014.

Company profile:

Siltronic is one of the world's largest manufacturers of hyperpure silicon wafers and partner to many leading semiconductor companies. The company operates production sites in Asia, Europe and the USA. Siltronic develops and manufactures silicon wafers in diameters of up to 300 mm. Silicon wafers form the basis for modern microelectronics and nanoelectronics and are a key component in semiconductor chips driving computers, smartphones, navigation systems and many other applications. Siltronic AG employs around 3,600 people and is a stock-listed company in Germany (Prime Standard). Siltronic shares are included in the MDAX and TecDAX.
